

A LEVEL SUCCESS AT CRANFORD COMMUNITY COLLEGE 2009

Cranford's sixth form students have performed very well again this year and are a real credit. We are very proud.

The improvements of the last 5 years have been sustained but with further small rises in those numbers achieving A grades and higher grades.

Year 12 students have achieved particularly well which puts them in pole position for next year.

We are celebrating today with so many students and their families but are particularly pleased for our Head Boy, Bhavin Bhatt (AAA) who is going to Oxford University to study Law alongside his twin brother Bhavik Bhatt (AAA) who is to read Physics at Cambridge University and our Deputy Head Girl, Esther Nicoll (AAA) who will read History also at Cambridge University.

Among other high achievers are Namrita Khosla (AAA) reading Dentistry at Kings College, London and Mohit Kanda (AAA) reading Economics & Maths at Royal Holloway.

Congratulations are due to the students, their teachers and supportive families. Cranford's students are extremely well placed in the competition for University places this year.

Kevin Prunty, Headteacher
