

EXCELLENT GCSE SUCCESS AT CRANFORD COMMUNITY COLLEGE 2009

We are truly delighted at another leap forward on the school's journey to 'Excellence in All Areas' with these record smashing results by Cranford's hard working students. Everyone in the school community is so proud of them all.

These well deserved results continue the steep trend of improvement at the school across the last 7 years.

This year our GCSE students achieved an impressive 13% rise in 5+ A*-C and a 7% increase including both English and maths. The huge rise in the points score confirms that many more pupils are passing with the highest grades and will be well placed to follow in the footsteps of last week's 3 Oxbridge successes.

Jagjit Kang achieved 14 GCSEs with 11 at grade A* and 3 at grade A and Harsimran Sall achieved 15 GCSEs with 10 A* and 5 A grades.

More high flying pupils are benefiting from gifted and talented provision and are being accelerated, including various fast track and early GCSE and AS entry programmes.

Alongside their GCSE success, a number of students picked up an AS level one year early and all at the higher grades.

The students are reaping the rewards of hard work by them, school staff and supportive families.

Kevin Prunty, Headteacher
