

INTERNATIONAL SCHOOL AWARD SUCCESS FOR CRANFORD COMMUNITY COLLEGE FOR THE 5th TIME

Cranford Community College has been awarded the prestigious International School Award for the 5th successive time putting Cranford in an elite group of schools nationally. The award, which is managed by the British Council, is given to the school in recognition of its work to bring the wider world into the classroom.

The International School Award seeks to celebrate, develop, recognise and accredit outstanding practice in the international dimensions of teaching and learning. Fostering an international dimension in the curriculum is at the heart of Cranford to ensure that young people gain the cultural understanding and skills they need to live and work as global citizens.

In order to achieve the International School Award the staff and students at the school had to demonstrate a wide range of international activities which included trips to France for Year 7, 8 and 10; cultural weeks throughout the school year; a senior leadership trip to China to further consolidate our partnership with TIFERT (our partner school in China); a trip to Auschwitz in Poland for our Year 12's; a trip for Year 7 and 8 to the German Christmas Market; a chance for our Year 7's to experience maths in German and a truly wonderful Languages Excellence Evening.

John Rolfe, Manager of the International School Award at the British Council, said: "Many congratulations to all the schools across the UK who have been successful in the International School Award. We are very grateful to all the schools for their excellent commitment to the enriching, creative and innovative international dimensions of teaching and learning. The fantastic work is vital preparation for all our young people to better understand their place in the world, and support the development of their skills in an increasingly global economy.
